Dear Chair DeFazio and Ranking Member Graves:

I am requesting funding for the North Clinton Avenue Mill and Resurface Project in surface transportation reauthorization legislation. The project sponsor for this is the City of Rochester and the project is located at North Clinton Avenue, Rochester, New York 14604.

The funding is designated for improving the road surface, updating curb ramps to current ADA standards, spot curb and sidewalk replacement, spot pavement base repair, and adjustment of manholes, valves and catch basins to match the pavement elevation.

The project is an appropriate use of taxpayer dollars and is anticipated to have the following benefits: bicycle accommodations, traffic calming, pedestrian safety features, and better infrastructure and a safer environment for businesses and residents of the corridor.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink that reads "Joseph D. Morelle".

Member of Congress
