Dear Chair DeFazio and Ranking Member Graves:

I am requesting funding for the Webster Economic Access Project in surface transportation reauthorization legislation. The project sponsor for this project is the Village of Webster and the project is located at Webster, New York 14580.

The funding is designated for rehabilitation of an existing, disinvested industrial roadway network currently under private ownership by Xerox Corporation.

The project is an appropriate use of taxpayer dollars and is anticipated to have the following benefits: enhanced access for internal campus buildings; enhanced bike, pedestrian, and vehicular mobility across the community; and the redevelopment and reuse of underutilized campus assets to stimulate private investment and job creation.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in cursive script that reads "Joseph D. Morelle".
