March 18, 2026

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Village of Honeoye Falls Wastewater Treatment Plant project in Fiscal Year 2027. The entity to receive funding for this project is The Village of Honeoye Falls, located at 5 East Street, Honeoye Falls, NY, 14472.

The funding would be used to support the installation of a Sequencing Batch Reactor (SBR) treatment system, construction of a new Headworks Facility, and conversion of an existing clarifier to an equalization basin. The Headworks Facility improvements are essential for properly screening and managing incoming wastewater flows prior to treatment. These improvements will protect downstream equipment, improve operational efficiency, and reduce long-term maintenance costs. The project is an appropriate use of taxpayer funds because the project protects water quality, supports urgently needed housing development, and strengthens the local economy while maintaining affordable infrastructure for residents.

The project has a federal nexus because the funding provided is for purposes authorized by Title VI of the Clean Water Act, 33 U.S.C 1381 et seq.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

A handwritten signature in blue ink that reads "Joseph D. Morelle".

Joseph Morelle
Member of Congress
